PROFESSIONAL SUMMARY

<< Experienced IT professional and fresher in web development, specializing in the MERN stack. Proficient in building dynamic and responsive web applications with expertise in front-end and back-end development.

<< **Strong understanding of modern development practices:** Skilled in the Software Development Lifecycle (SDLC) and Agile methodologies, with active participation in scrum meetings to enhance collaboration and delivery.

<< **Proficient in MERN stack technologies:** Hands-on experience with MongoDB, Express.js, React.js, and Node.js, enabling the development of scalable and efficient applications.

<< **Front-end expertise:** Adept at creating interactive user interfaces using React.js, JavaScript (ES6+), HTML5, and CSS3, with a focus on user experience and performance optimization.

<< **Back-end proficiency:** Skilled in developing RESTful APIs with Node.js and Express.js, ensuring seamless integration between front-end and back-end.

<< **Database management:** Experienced in working with MongoDB for database design, querying, and data modeling to ensure robust application performance.

<< **Version control:** Proficient in Git and GitHub for source code management, branch handling, and collaboration in team-based projects.

<< **Collaboration and teamwork:** Effective communicator with a passion for solving complex problems and contributing to team success.

Chandigarh Group of College

Bachelore of Technology (Electronics & Communication engineer)

📅 2020 - 2024

INTERPERSONAL SKILLS

Leadership   **Creative Thinking**   **Decision Making**

Responsibility

SKILLS

Front-end

HTML   **CSS**   **JavaScript**   **React.JS**

Back-end

Node.Js   **Express.Js**   **Restfull API**

Data-Base

MongoDB

COURSES

Web Development Training

Completed a 4-month intensive full-stack web development course for Immanent Solution.
Mastered front-end technologies: HTML, CSS, and JavaScript.
Gained back-end development skills with Node.js
Worked with databases like MongoDB.
Built responsive applications using React, Bootstrap, and Express.js.

PROJECTS

E-Commerce

- Designed and developed a fully functional e-commerce website with features such as user registration, product catalog, shopping cart, and order management.
- Developed responsive and dynamic UI components using React.js, ensuring optimal performance across desktop, tablet, and mobile devices.

Netflix Clone

- Features include a personalized dashboard, user profiles, content recommendations, and genre-based browsing.
- Developed a single-page application using **React** and **Redux** for efficient state management.

User-Authentication project

- Built a robust authentication system using **Node.js**, **Express.js**, and **MongoDB**.
